P1801-T

E7909
December 2012

P1801-T ASUS Tablet can be used with P1801 ASUS All-in-One PC

LIMITATION OF LIABILITY

Circumstances may arise where because of a default on ASUS' part or other liability, you are entitled to recover damages from ASUS. In each such instance, regardless of the basis on which you are entitled to claim damages from ASUS, ASUS is liable for no more than damages for bodily injury (including death) and damage to real property and tangible personal property; or any other actual and direct damages resulted from omission or failure of performing legal duties under this Warranty Statement, up to the listed contract price of each product.

ASUS will only be responsible for or indemnify you for loss, damages or claims based in contract, tort or infringement under this Warranty Statement.

This limit also applies to ASUS' suppliers and its reseller. It is the maximum for which ASUS, its suppliers, and your reseller are collectively responsible.

UNDER NO CIRCUMSTANCES IS ASUS LIABLE FOR ANY OF THE FOLLOWING: (1) THIRD-PARTY CLAIMS AGAINST YOU FOR DAMAGES; (2) LOSS OF, OR DAMAGE TO, YOUR RECORDS OR DATA; OR (3) SPECIAL, INCIDENTAL, OR INDIRECT DAMAGES OR FOR ANY ECONOMIC CONSEQUENTIAL DAMAGES (INCLUDING LOST PROFITS OR SAVINGS), EVEN IF ASUS, ITS SUPPLIERS OR YOUR RESELLER IS INFORMED OF THEIR POSSIBILITY.

About this manual

This manual provides information about the hardware and software features of your ASUS Tablet, organized through the following chapters:

Chapter 1: Hardware Setup

This chapter details the hardware components of your ASUS Tablet.

Chapter 2: Using your ASUS Tablet

This chapter provides you with information on using your ASUS Tablet.

Chapter 3: Working with Android®

This chapter provides an overview of using Android® in your ASUS Tablet.

Conventions used in this manual

To highlight key information in this manual, some text are presented as follows:

IMPORTANT! This message contains vital information that must be followed to complete a task.

NOTE: This message contains additional information and tips that can help complete tasks.

WARNING! This message contains important information that must be followed to keep you safe while performing tasks and prevent damage to your ASUS Tablet's data and components.

Typography

Bold This indicates a menu or an item that must be selected.

Italic This indicates sections that you can refer to in this manual.

All illustrations and screenshots in this manual are for reference only. Actual product specifications and software screen images may vary with territories. Visit the ASUS website at www.asus.com for the latest information.

English

Safety information

Your ASUS Tablet is designed and tested to meet the latest standards of safety for information technology equipment. However, to ensure your safety, it is important that you read the following safety instructions.

Setting up your system

- Read and follow all instructions in the documentation before you operate your system.
- Do not use this product near water or a heated source such as a radiator.
- Set up the system on a stable surface.
- Openings on the chassis are for ventilation. Do not block or cover these openings. Ensure that you leave plenty of space around the system for ventilation. Never insert objects of any kind into the ventilation openings.
- Use this product in environments with ambient temperatures between 0˚C and 40˚C.
- If you use an extension cord, ensure that the total ampere rating of the devices plugged into the extension cord does not exceed its ampere rating.

Care during use

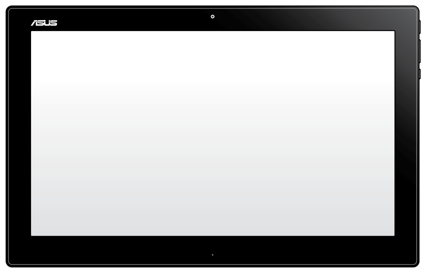

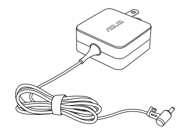

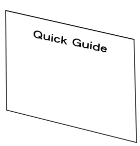

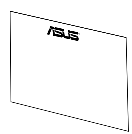

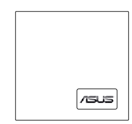

- Do not walk on the power cord or allow anything to rest on it.
- Do not spill water or any other liquids on your system.
- When the system is turned off, a small amount of electrical current still flows. Always unplug all power, modem, and network cables from the power outlets before cleaning the system.
- The touch screen requires periodic cleaning to achieve the best touch sensitivity. Keep the screen clean from foreign objects or excessive dust accumulation. To clean the screen:
    - Turn off the system and disconnect the power cord from the wall.
    - Spray a small amount of a household glass cleaner onto the supplied cleaning cloth and gently wipe the screen surface.
    - Do not spray the cleaner directly on the screen.
    - Do not use an abrasive cleaner or a coarse cloth when cleaning the screen.
- If you encounter the following technical problems with the product, unplug the power cord and contact a qualified service technician or your retailer.
    - The power cord or plug is damaged.
    - Liquid has been spilled into the system.
    - The system does not function properly even if you follow the operating instructions.

- The system was dropped or the cabinet is damaged.
- The system performance changes.

Sound Pressure Warning

Excessive sound pressure from earphones or headphones can cause hearing damage or loss. Adjustment of the volume control as well as the equalizer to settings other than the center position may increase the earphones or headphones output voltage and the sound pressure level.

ASUS Tablet		Power adapter
		
Quick Start Guide	Warranty Card	Cleaning cloth

NOTES:

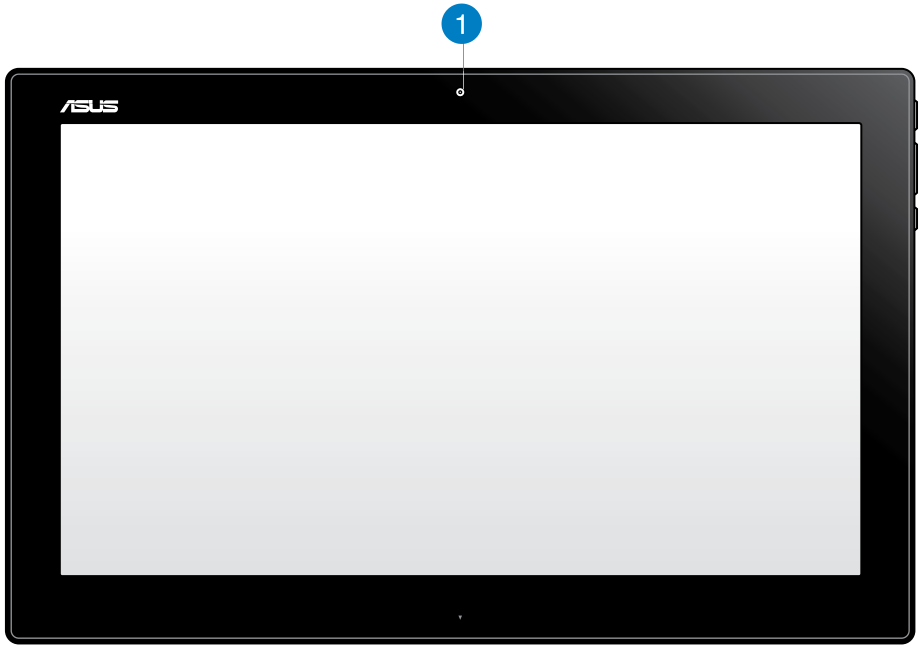

- Contact your retailer if any of the items are damaged or missing.
- Contents may vary per country or region.

Chapter 1: Hardware Setup

English

Getting to know your ASUS Tablet

Front view

1 **Webcam**

The built-in webcam allows you to start video chats online.

English

Side views

1 **Kensington® lock port**

The Kensington® lock port allows you to secure your ASUS Tablet using Kensington® compatible security products.

2 **Power button**

Press this button to turn on your ASUS Tablet.

3 **Volume control**

Press to turn the volume up/down.

4 **Mode button**

Press this button to switch your operating system from Windows® 8 to Android™.

5 **Mini USB port**

This mini Universal Serial Bus (USB) 2.0 port allows you to connect compatible USB 2.0 or USB 1.1 devices to your ASUS Tablet using a mini USB cable.

6 **MicroSD card reader**

Your ASUS Tablet comes with an additional built-in memory card reader that supports microSD and microSDHC card formats.

7 **Microphone**

The built-in microphone can be used for video conferencing, voice narrations, or simple audio recording.

8 **Headphone output/microphone input combo port**

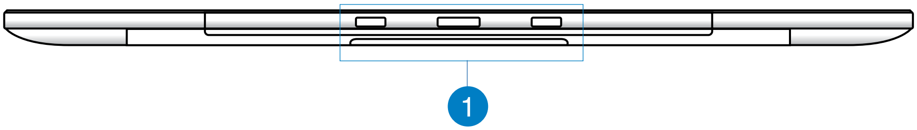

This port allows you to connect your ASUS Tablet to amplified speakers or headphones. You can also use this port to connect your ASUS Tablet to an external microphone.

9 **Power input**

The supplied power adapter converts AC power to DC power for use with this jack. Power supplied through this jack supplies power to the PC. To prevent damage to the PC, always use the supplied power adapter.

WARNING! The power adapter may get warm or hot when in use. Do not cover the adapter and keep it away from your body.

Bottom view

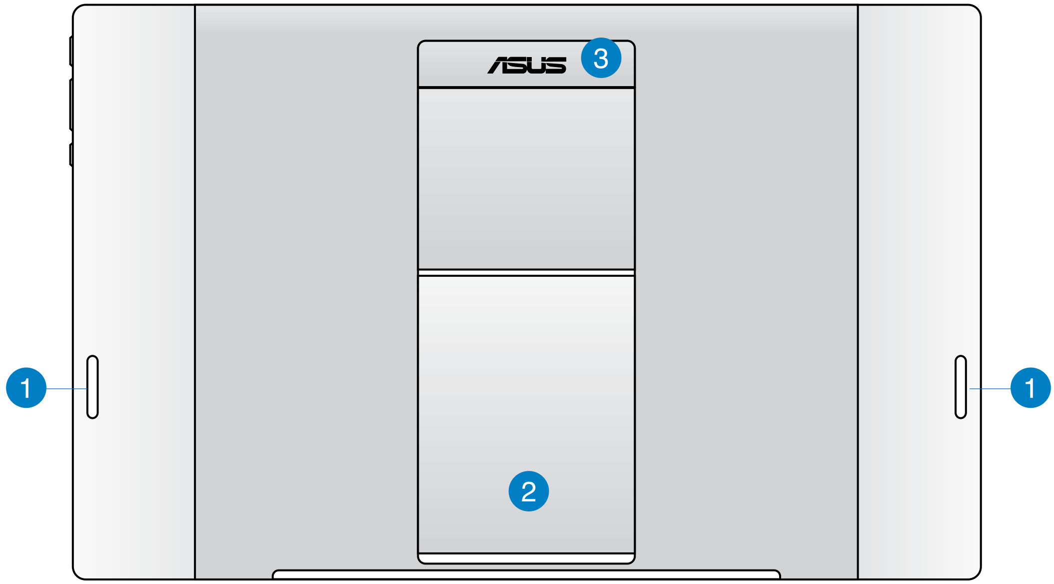

1 **Connecting holes**

Align and insert the guiding poles into these holes to securely attach the tablet to the PC Station.

English

Rear view

1 **Audio speakers**

Your ASUS Tablet is equipped with built-in high quality speakers.

2 **Tablet stand**

Pull out and adjust the stand to provide stable support for your tablet when it is placed on a table or desk.

3 **Tablet handle**

Carry the tablet easily using the ergonomic tablet handle.

NOTE: The magnet at the back of your ASUS Tablet may de-magnetize nearby objects.

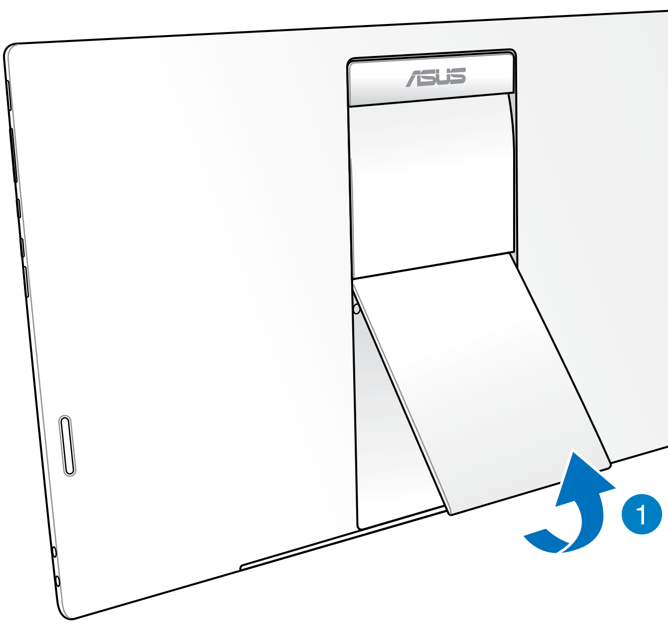

Chapter 2: Using your ASUS Tablet

English

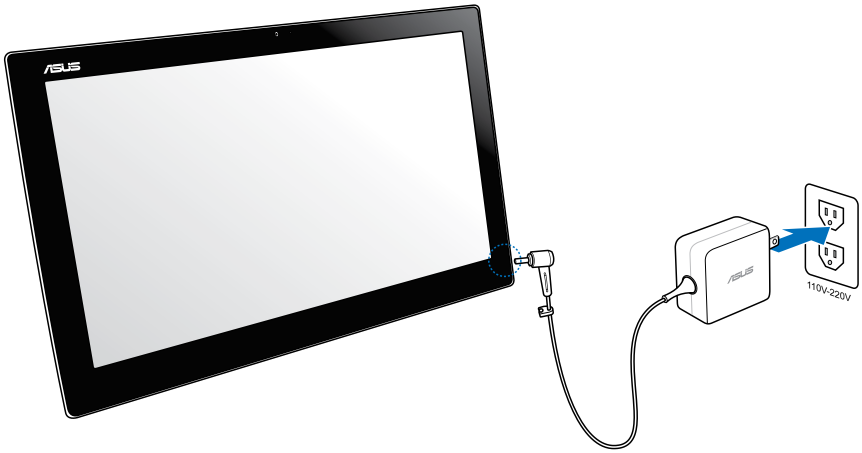

Placing your ASUS Tablet on the table or desk

To place your ASUS Tablet on the table or desk:

1. Pull and adjust the tablet stand.
2. Place your ASUS Tablet on a flat surface such as a table or desk.

Charging your ASUS Tablet

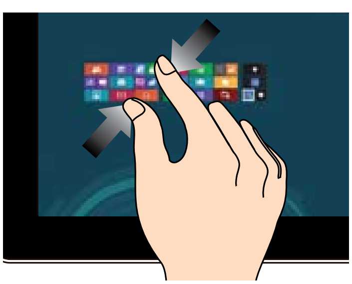

Connect the power adapter to your ASUS Tablet's DC-in port and plug to the correct socket outlet with the correct input rating. The input voltage of the adapter is 100Vac~240Vac.

Using Gestures

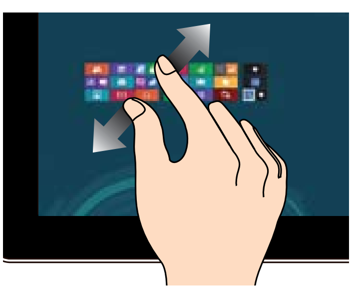

The gestures allow you to launch programs and access the settings of your ASUS Tablet. The functions can be activated by using the hand gestures to your ASUS Tablet's display panel.

Zoom out

Bring together your two fingers on the touch panel.

Zoom in

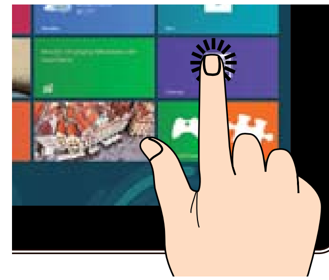

Spread apart your two fingers on the touch panel.

Tap/Double tap

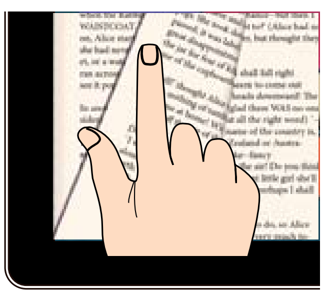

Tap an app to launch it.

Tap and hold

To move an app, tap and hold the app tile and drag it to a new location.

Flip

Use your finger back and forth between home screens, through different images in the Gallery, or pages in MyLibrary and SuperNote.

Chapter 3: Working with Android®

Basics

Unlocking your device

Touch and drag the lock icon to the unlocked icon.

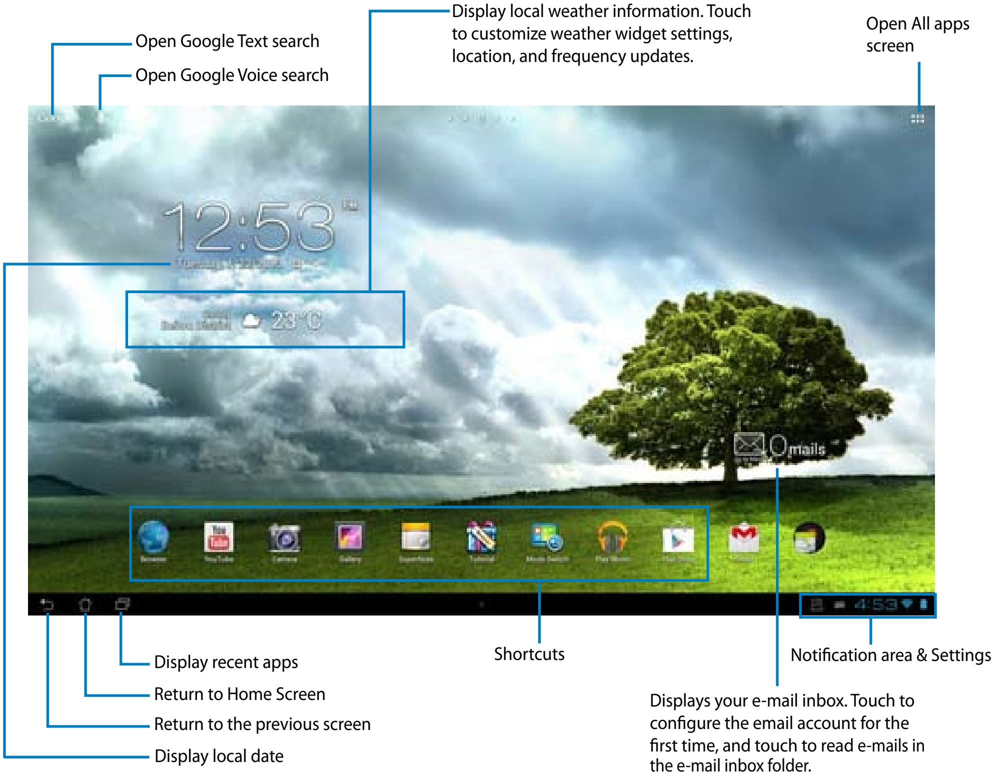

Entering the camera mode

Touch and drag the lock icon to the camera icon.

Home Screen

NOTE: The Home Screen may update and change with Android OS.

Screen Views

The screen view rotates automatically when you hold the tablet horizontally to vertically, and vice versa.

Landscape view

Portrait view

Connecting to the world

Connecting to Wi-Fi networks

Wi-Fi wireless networking technology allows you to exchange data wirelessly over a network. To use Wi-Fi, enable the Wi-Fi feature in your ASUS Tablet and connect to a wireless network. Some wireless networks are secured with a key or protected with digital certificates and requires additional steps to set up; others are open and you can easily connect to them.

NOTE: Turn OFF Wi-Fi when you're not using it to help save battery power.

To enable Wi-Fi and connect to a Wi-Fi network:

1. Touch ∷∷ to go to the All apps screen then touch Settings .
2. Slide the Wi-Fi switch to ON. When enabled, your ASUS Tablet scans for available Wi-Fi networks.
3. Touch a network name to connect to it. If the network is secured or protected, you are prompted to key in a Password or key in other credentials.

IMPORTANT! If your ASUS Tablet finds a network that you have connected to previously, it automatically connects to it.

Using Bluetooth

Enabling or disabling Bluetooth in your device

Bluetooth is a wireless standard used for exchanging data over short distances. Bluetooth exists in many products, such as smartphones, computers, tablet devices, and headsets.

Bluetooth is very useful when transferring data between two or more devices that are near each other.

The first time you connect to a Bluetooth device, you must pair it with your ASUS Tablet.

TIP: Turn OFF Bluetooth in your ASUS Tablet when you're not using it to help save battery power.

To enable or disable Bluetooth in your ASUS Tablet, touch ⠿ to go to the All apps screen then touch **Settings** . Slide the Bluetooth switch to **ON**/ **OFF**.

Pairing your ASUS Tablet with a Bluetooth device

Before you can connect to a device, you must first pair your ASUS Tablet to that device. Once paired, the devices stay paired unless you unpair them.

To pair your ASUS Tablet to a device:

1. Touch ⠿ to go to the All apps screen then touch **Settings** . Slide the Bluetooth switch to **ON**.
2. Touch **Bluetooth** to display all available Bluetooth devices within range. If the device you want to pair with is not in the list, ensure that its Bluetooth feature is turned ON and set as Discoverable. See the technical documentation that came with the device to learn how to turn its Bluetooth ON and how to set it to discoverable.

3. If your ASUS Tablet has finished scanning before your Bluetooth device is ready, touch **Search for devices**.
4. In the list of available devices, touch the Bluetooth device you want to pair with. Follow the succeeding screen instructions to complete the pairing. If necessary, refer to the technical documentation that came with the device.

Connecting your ASUS Tablet to a Bluetooth device

After you have paired your ASUS Tablet to a Bluetooth device, you can easily reconnect to it again manually, after it is back in range.

To connect:

1. Touch ⠿ to go to the All apps screen then touch **Settings** . Slide the Bluetooth switch to **ON**.
2. In the list of **PAIRED DEVICES**, touch the name of the paired device.

Unpairing and configuring a Bluetooth device

To unpair or configure a Bluetooth device:

1. Touch ⠿ to go to the All apps screen then touch **Settings** . Slide the Bluetooth switch to **ON**.
2. Touch **Bluetooth** to display the Bluetooth settings.
3. Touch the Bluetooth Quick Settings icon beside the connected Bluetooth device you want to unpair or configure.
4. From the Bluetooth Quick Settings screen, you can do any of the following:
   - Touch **Unpair** to unpair the device.
   - Touch **Rename** to rename the Bluetooth device.
   - Touch any of the listed profiles to enable or disable profile.
5. Touch ⮌ when you're finished.

Using apps and widgets

Managing Apps

App shortcut

You can create shortcuts for your favorite apps on your ASUS Tablet Home Screen.

1. Touch ⁝⁝⁝ to go to the All apps screen.
2. From the **All apps screen,** touch and hold the icon of the app you wish to move then drag and place the app on the Home Screen.

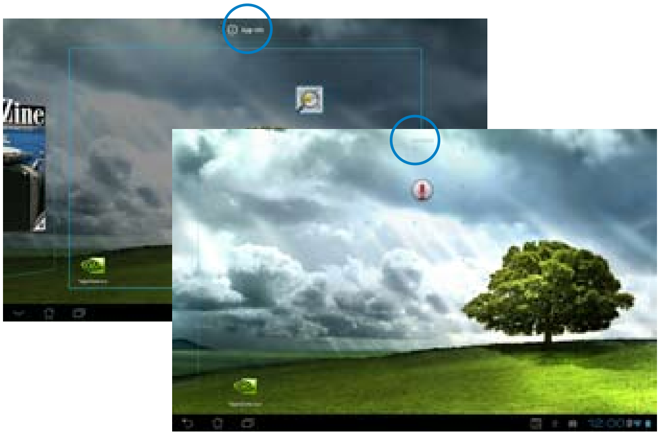

App info

You can view the detailed app information while you are creating a shortcut for the app. While holding an app from the All apps screen to the Home Screen, the **App info** will appear on the top of the Home Screen page. Drag the app to **App info** to display its detailed information.

Removing App from Home Screen

You can remove app shortcuts from your ASUS Tablet Home Screen. The original app will remain in your **All apps** screen. To remove an app in your Home Screen:

1. Touch and hold an app on your Home Screen until **X Remove** appears.
2. Drag the app to **X Remove** to remove it from the Home Screen.

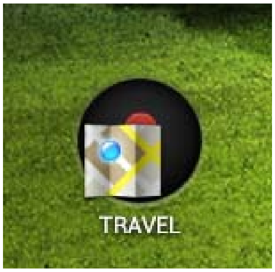

App Folder

Create folders to organize your applications and shortcuts on your ASUS Tablet Home Screen.

1. On your ASUS Tablet's Home Screen, touch and drag an app or shortcut onto another app and a folder will appear.
2. Touch the new folder and tap **Unnamed Folder** to rename the folder.

English

Recent Apps

Recent apps are displayed on the left panel of the Home Screen. You can find detailed information and manage your apps from the Recent Apps list.

1. Touch the **Recent Apps** icon at the lower left corner of the Home Screen.

2. Swipe up or down the list to view **Recent Apps.** Swipe a recent app to the left or right to remove from the list.
3. Touch and hold a recent app to display the menu. Select to remove app from list or display app information.

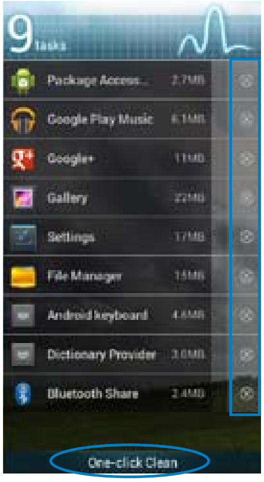

Task Manager

ASUS widget displays a list of currently running utilities and applications and their usages in percentages on your ASUS Tablet.

1. Touch to go to the All apps screen.
2. Touch **WIDGETS** to display the widgets menu.
3. Touch and hold **ASUS Task Manager** to display the ASUS Task Manager box on the Home Screen.

4. Touch and hold the widget to display the sizing brackets. Pull the sizing bracket upward or downward to show the complete list of tasks.
5. Tap beside each running app to close the app. Touch **One-click Clean** to close running apps all at once.

English

File Manager

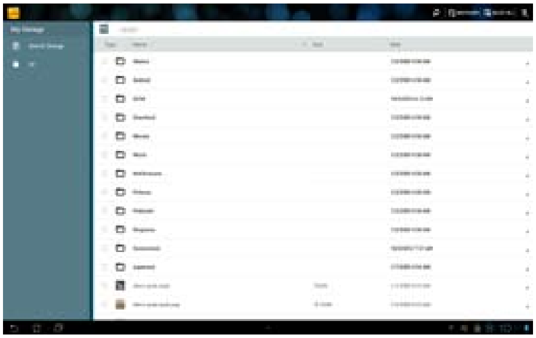

File Manager allows you to easily locate and manage your data either on the internal storage device or the connected external storage devices.

To access the internal storage device:

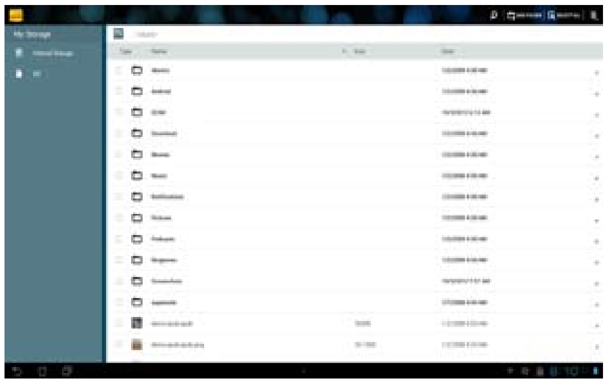

1. Touch ⁝⁝⁝ to go to the All apps screen.
2. Touch **File Manager** then go to **My Storage.**

3. The Internal Storage (/sdcard/) and any connected external storage devices (/Removable/) are displayed on the left panel. Touch the source icon on the left panel to display the content list, and touch to select an item.

4. Touch the **Return** folder icon to return to the root directory of **My Storage.**

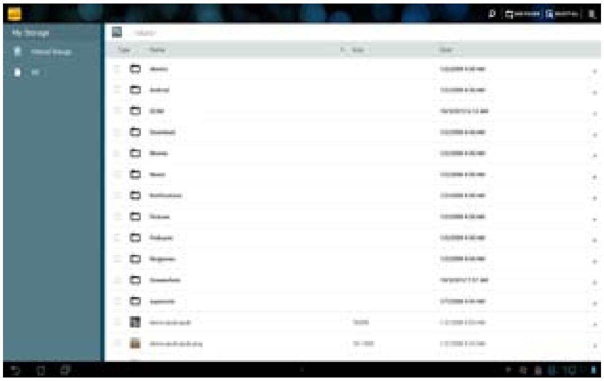

To access the external storage device:

1. Touch the USB or SD card icon  on the bottom right corner of your Home Screen to display the notification box.

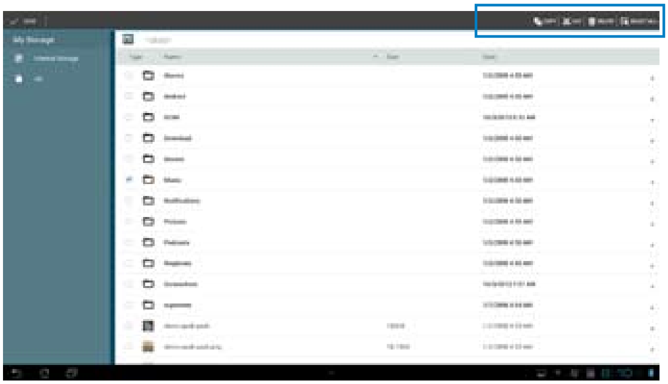

2. Touch the USB or SD card icon to display its contents.

To copy, cut, delete, or share files:

Tick the file you wish to copy, cut, share, or delete and touch the action icon found at the tool bar on the upper right corner of they File Manager screen.

You can also tick the file and drag/drop it to your desired destination folder.

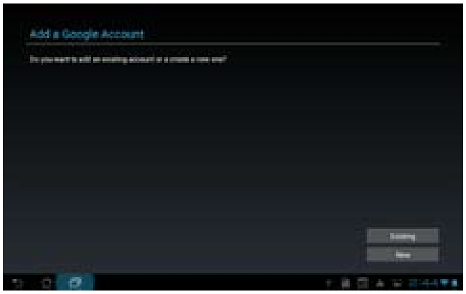

Play Store

Access lots of fun games and tools in the Play Store using your Google account. If you don't have a Google account, please create one.

To access the Play Store:

1. From the Home screen, tap **Play Store** .

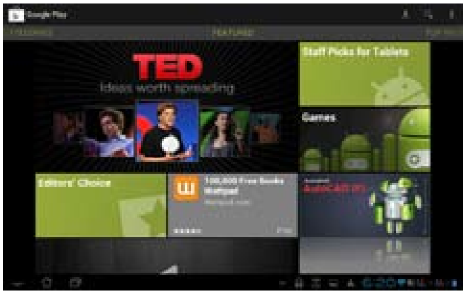

3. You need a Google account to access Google Play. If you don't have an existing account, tap **New**.

4. Type your **Email** and **Password** to **Sign in** if you already have an account.

5. After signing in, you can start downloading and adding apps to your device from the Play Store.

IMPORTANT! Download the latest Adobe Flash Player version 11.1.112.60 for Jelly Bean devices.

NOTES:

- You cannot restore the deleted applications, but you can login with the same ID and download them again.
- Some applications are free and some might charge you through a credit card.

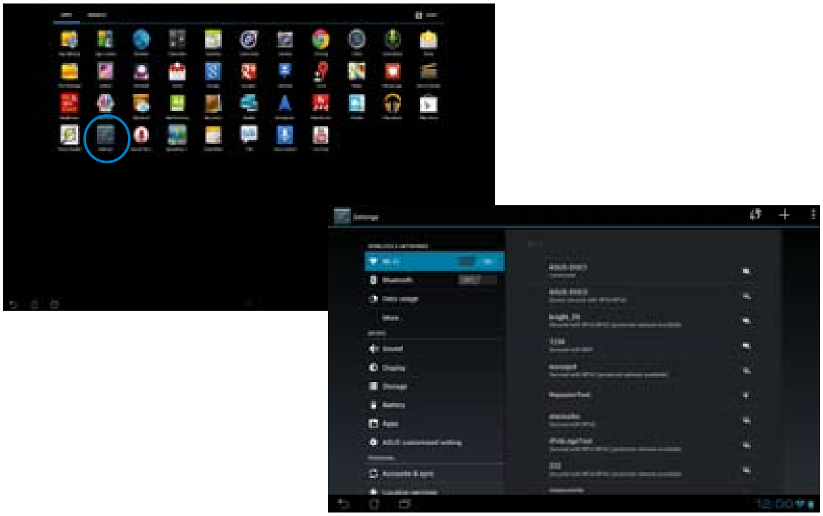

Settings

Settings screen allows you to configure the settings of your ASUS Tablet, including **Wireless & networks, Device, Personal,** and **System** settings. Touch the tabs on the left to switch screens and do the configurations.

There are two ways to go to the **Settings** screen.

From the **All apps screen:**

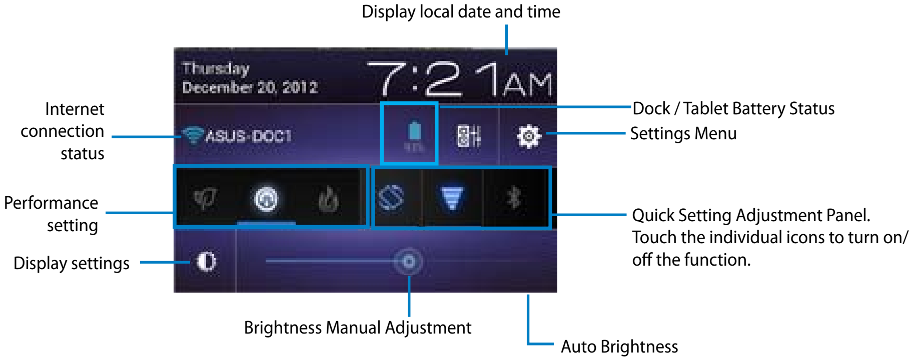

Touch **Settings** to display the settings menu.

From **ASUS Quick Setting:**

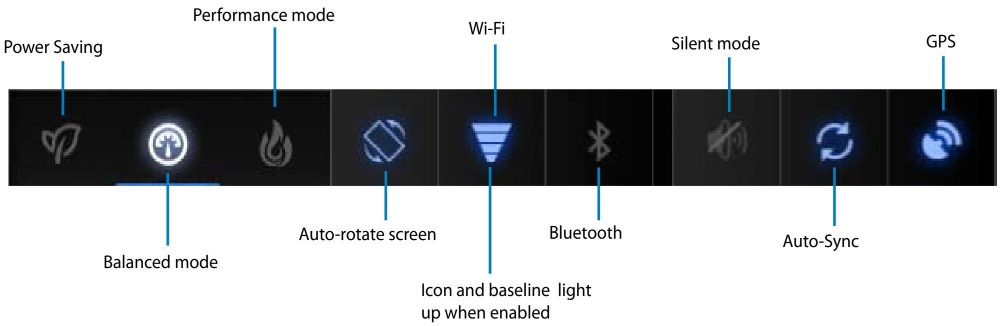

Touch the notification area on the bottom right corner to launch the **ASUS Quick Settings** panel.

ASUS Quick Setting Adjustment Panel

Touch any of the following icons to enable or disable its assigned function.

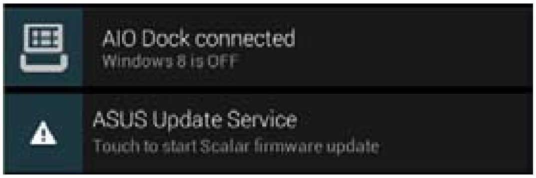

IMPORTANT!

- **Balanced mode [Default mode]:** Balances the system's performance and power usage.
- **Performance mode:** Maximizes the system's performance but consumes more battery power.
- **Power saving mode:** Energy saving mode

Notification Panels

Notification panels will appear under the Quick Setting panel for alerts or updates in apps, incoming emails, and utillity status.

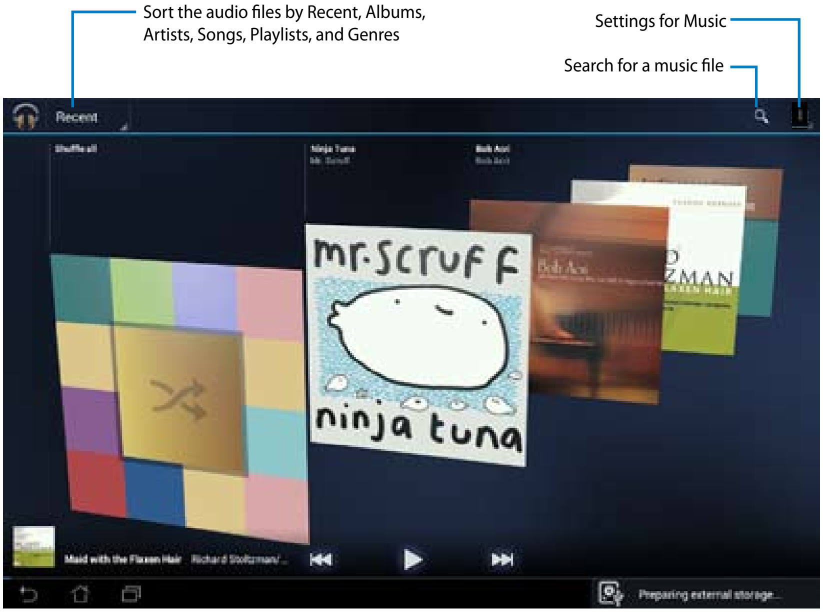

IMPORTANT! Swipe a notification to the right or to the left to remove item from the list.

Music

Touch **Play Music** on the Home Screen to play your music files. This application automatically collects and displays all the audio files stored in your ASUS Tablet and connected external storage devices.

You can shuffle and play all audio files randomly or flip to select an album for your listening pleasure.

Use the buttons on the top to conveniently sort or search your audio files.

NOTE:

The audio and video codec supported by your ASUS Tablet:

Decoder

Audio Codec: AAC LC/LTP, HE-AACv1(AAC+), HE-AACv2(enhanced AAC+), AMR-NB, AMR-WB, MP3, FLAC, MIDI, PCM/WAVE, Vorbis, WAV a-law/mu-law, WAV linear PCM, WMA 10, WMA Lossless, WMA Pro LBR

Video Codec: H.263, H.264, MPEG-4, VC-1/WMV, VP8

Encoder

Audio Codec: AAC LC/LTP, AMR-NB, AMR-WB

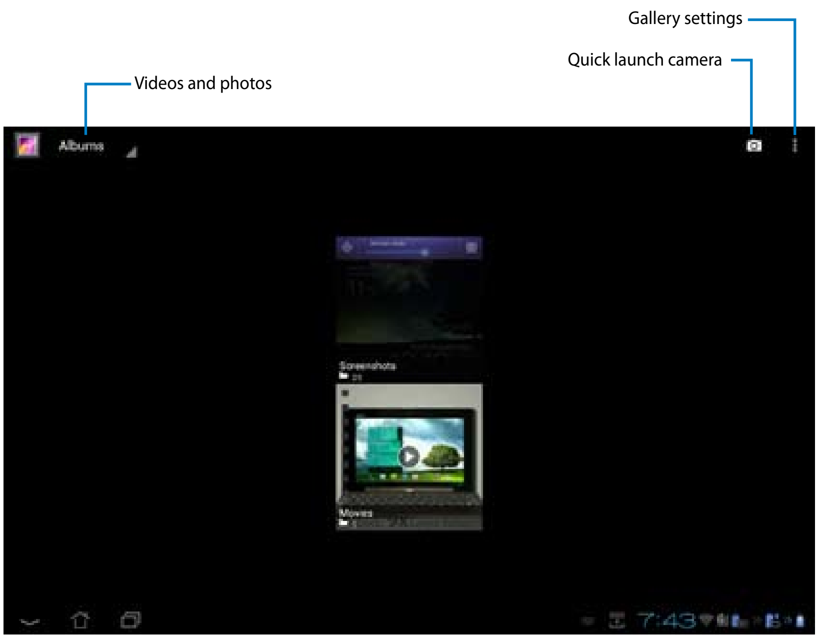

Video Codec: H.263, H.264, MPEG-4

Gallery

Touch **Gallery** on the Home Screen to browse for images or video files. This app automatically collects and displays all the images and video files stored in your ASUS Tablet.

From the Gallery, you can display images in a slideshow or touch to select for image or video files.

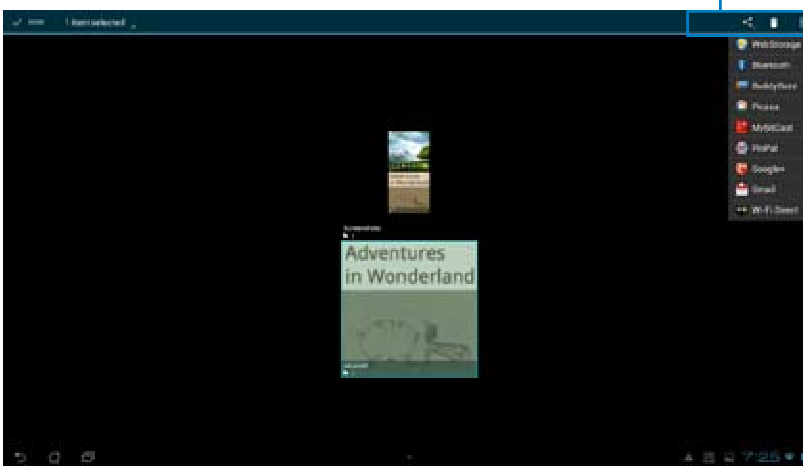

You can also use the menu buttons on the upper right corner of the Gallery screen to sort the files by album, by location, by time, by people, or by tags.

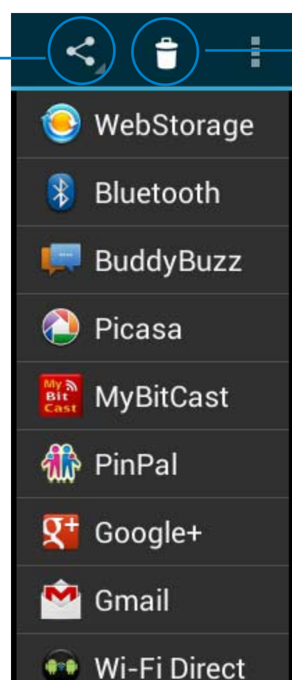

Sharing and deleting albums

Touch and hold an album in the Gallery until the Tool bar on top appears.

Using the Tool bar options, you can upload, delete, or share selected albums online.

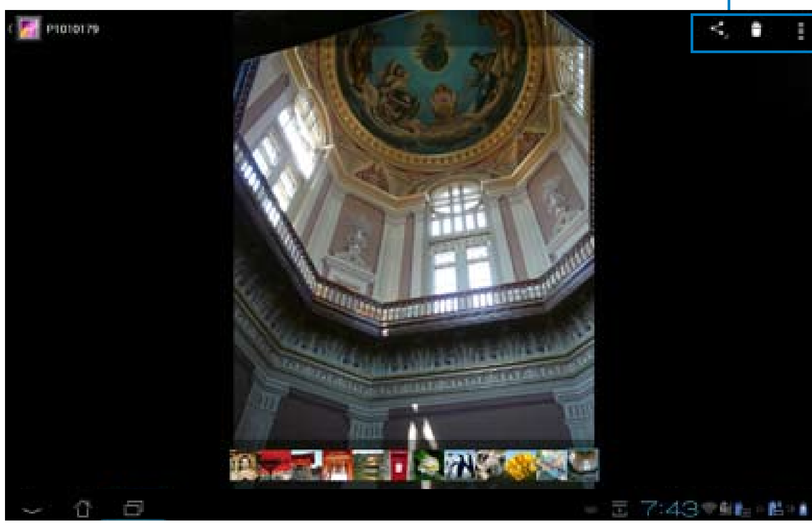

Sharing, deleting, and editing images

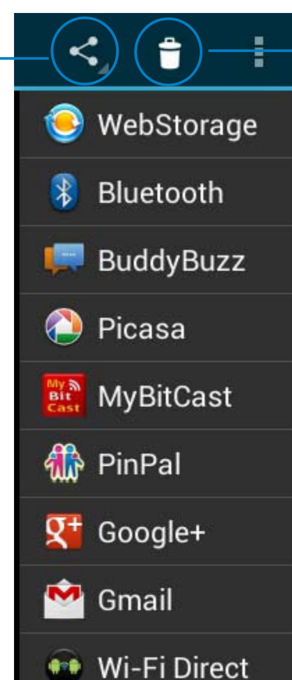

Touch an image in the Gallery and use the tool bar on the upper right corner to share, delete, or edit a selected image.

Tool bar

Share the selected album through Bluetooth®, Picasa®, MyBitCast, Google+®, or Gmail®

Delete icon

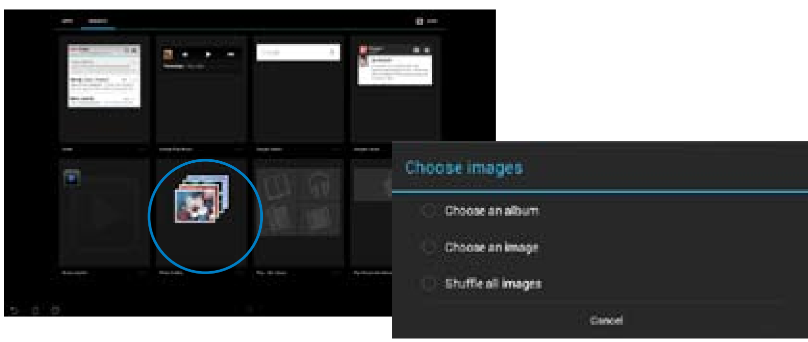

CAUTION! You cannot restore a deleted file.

Gallery widget

The **Photo Gallery** widget allows immediate access to your favorite photos or albums right from the Home Screen.

1. Touch to go to the All apps screen.
2. Touch **Widgets** to display the widgets menu.
3. Touch and hold **Photo Gallery** until the gallery widget box moves to the Home Screen and displays the **Choose images** menu box.
4. Choose the album or image that you wish to place as a widget on the Home Screen.

Camera

Touch **Camera** from the **All apps** screen to take pictures, record videos, or create panoramic images. You can use the front camera or the back camera to take pictures or record videos.

The image and video files are saved to **Gallery**.

Email

Email allows you to add several e-mail accounts and conveniently browse and manage your e-mails.

To set up an email account:

1. Touch ⠿ to go to the All apps screen.
2. Touch **Email**  to launch the email app.
3. From the email app screen,key in your **Email address** and **Password**, then touch **Next**.

4. Wait while your ASUS Tablet automatically checks your incoming and outgoing mail server settings.

5. Configure the **Account options** and touch **Next**.

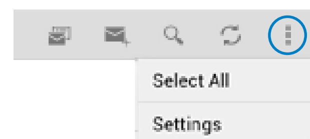

6. Provide a name for the account and key in the name you want displayed on the outgoing messages. Touch **Next** to log into your mail inbox.

To add email accounts:

1. Touch to go to the All apps screen, touch **Email** and login using the account that you've previously set up.

2. Touch then **Settings**. Touch **Add account** on the upper right corner to add new email accounts.

NOTE: You can include all your e-mail accounts in **Email**.

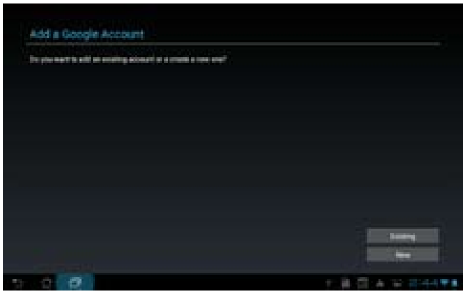

Gmail

Gmail (Google mail) allows you to access your Gmail account, receive, and compose e-mails.

To set up a Gmail account:

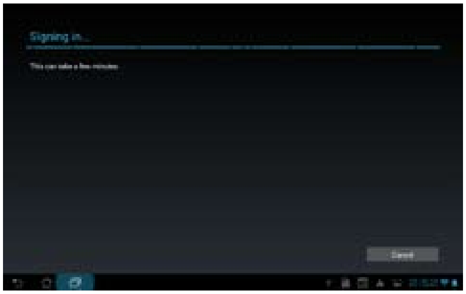

1. Touch **Gmail** from the Home screen. Touch **Existing** and type your existing **Email** and **Password**, then touch **Sign in**.

NOTE: Touch **New** if you do not own a **Google Account**.

---

2. Wait while your ASUS Tablet communicates with Google servers to set up your account.

3. You can use your Google account to backup and restore your settings and data. Touch **Done** to sign in to your Gmail.

IMPORTANT: If you have several e-mail accounts in addition to Gmail, use **Email** to set up and access all your e-mail accounts at same time.

MyLibrary

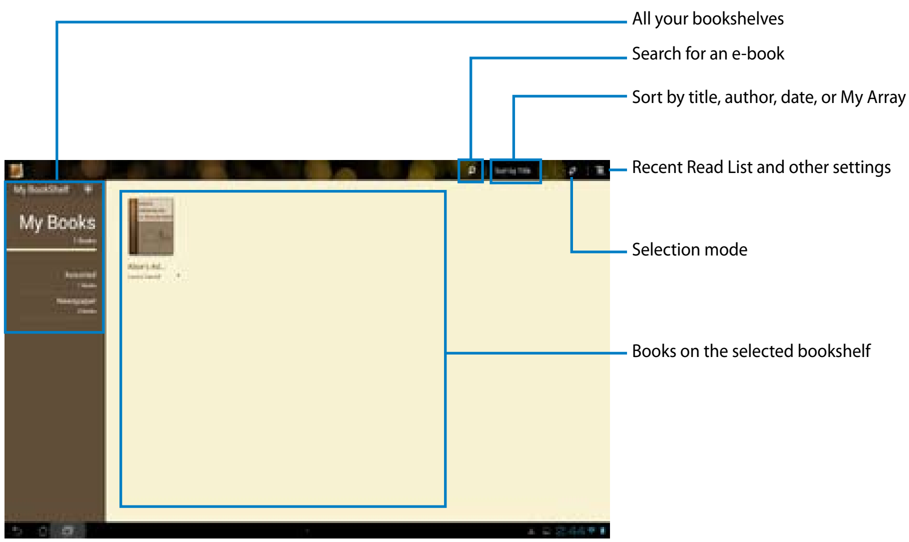

MyLibrary, an integrated interface for your e-book collections, allows you to place your purchased or downloaded e-books into different bookshelves and genres.

Touch ⁝⁝⁝ to go to the All apps screen, then touch **MyLibrary.**

NOTE: Log into asus@vibe to download more e-books.

IMPORTANT:

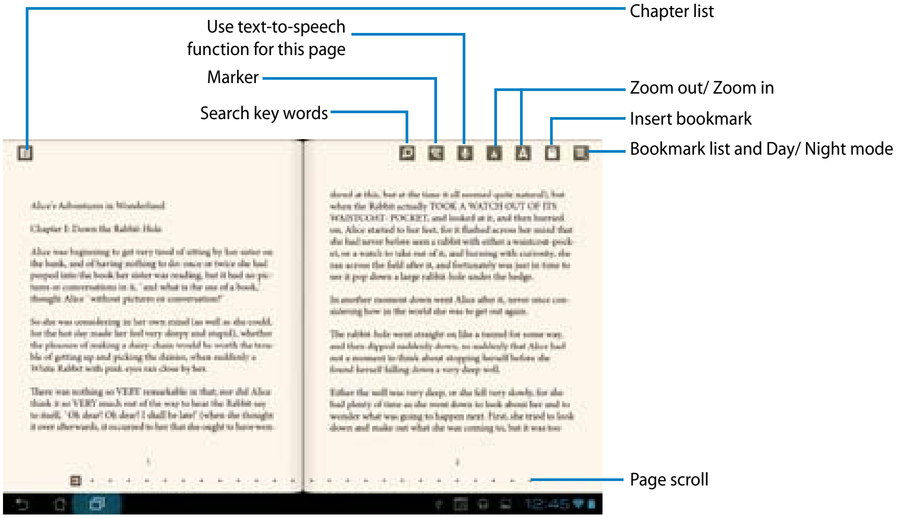

- MyLibrary supports e-books in ePub, PDF and TXT format.
- You may need Adobe Flash® player to open some e-books. Download Adobe Flash® player before using MyLibrary.

Reading your e-books

To read e-books:

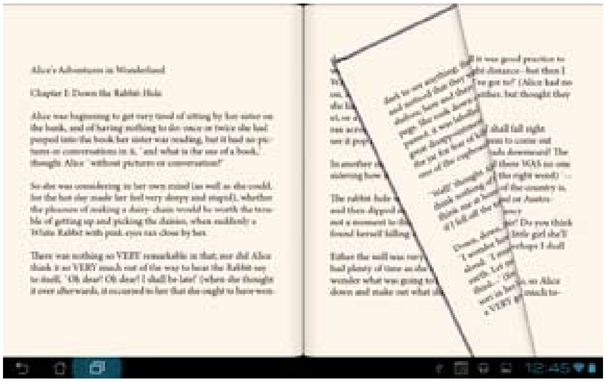

1. Touch to select an e-book on the bookshelf.
2. Touch and hold the screen to show the tool bar on the top.

NOTES:

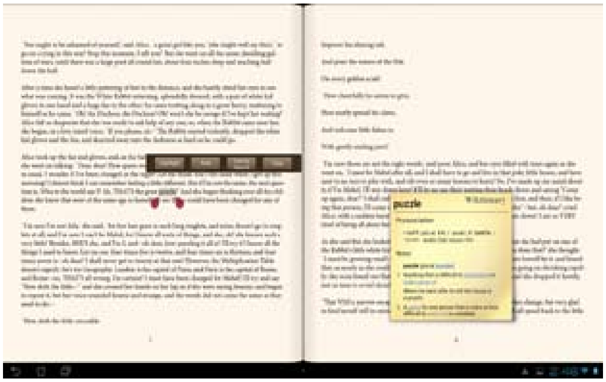

- Android initiates the download and installation of necessary resource if you would like to use the text-to-speech function.
- Tap on the Bookmark list and select the marked page to show the bookmark icon on the upper right corner of the screen.

3. Flip pages like a real book or move the page scroll at the bottom.

Making notes on your e-books

1. Touch and hold on a desired word or sentence until the tool menu and the dictionary definition are displayed.

2. Once selected, you either highlight the selected word with a marker, add a note, use text-to-speech function for the selected text, or simply copy the word.

3. Move the selection point to extend the selected region to a whole phrase or sentence if needed.

Maps

Google Maps allows you to find establishments, view maps, and get directions. Use the tool bar on the top to get directions or create your own maps.

Touch ⁝⁝⁝ to go to the All apps screen, then touch **Maps.**

English

Polaris® Office

Polaris® Office is a set of interrelated desktop applications that allows you to create, read, and edit documents, spreadsheets, and presentations.

To use Polaris® Office:

1. Touch to go to the All apps screen.
2. In the **All apps screen**, touch **Polaris® Office**.

3. Touch any of the following:
   - Touch **Browser** to view the files/folders in the local storage.
   - Touch **Clouds** to add a cloud service account.
   - Touch **Form type** to view all documents by type.
   - Touch **Favorites** to view your favorite files.

Adding new files

To add new files, touch then select New:

- Touch **Document (.doc)** or **Document (.docx)** to start the word processor to edit documents.
- Touch **Sheet (.xls)** or **Sheet (.xlsx)** to start the spreadsheet to perform calculation and manage information.
- Touch **Slide (.ppt)** or **Slide (.pptx)** to start the application to create and share presentations.
- Touch **Text** to create text files.

Adding Accounts

You are allowed to edit your files with Polaris® Office from other accounts, including **Google docs** and **Box.net**.

1. Touch **Clouds**.
2. Select a desired service to add.
3. Key in your e-mail account and password and touch **OK** to add the account.

MyNet

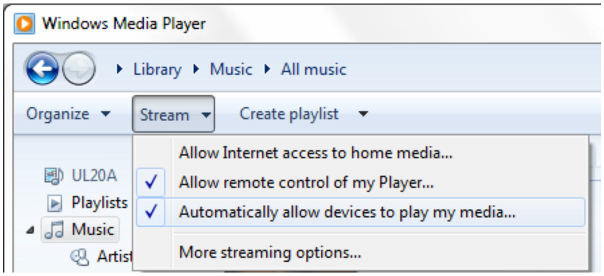

MyNet allows you to store, save, and stream audio, video, and image files between your ASUS Tablet and a DLNA device such as your computer, TV, or speakers.

NOTE: DLNA (Digital Living Network Alliance) is the networking standard that allows network devices to seamlessly communicate with each other.

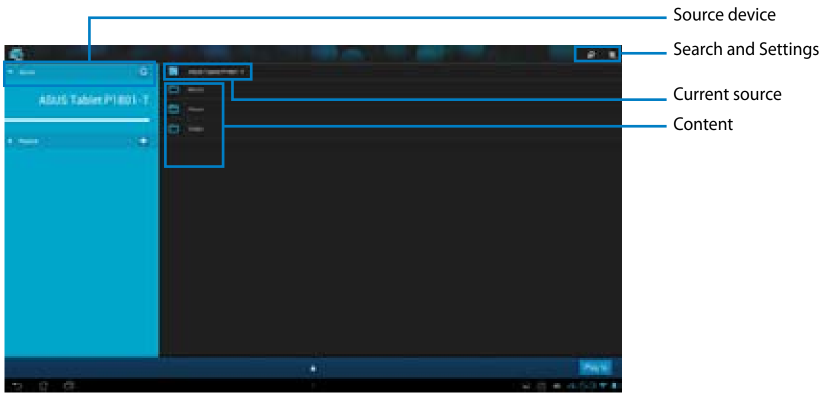

IMPORTANT:

- MyNet works with Microsoft Media Player 11 or later version only.
- MyNet will not work if the devices are connected via 3G network.
- Your ASUS Tablet and the DLNA device such as computer, TV, or speakers must be connected to the same wireless network. Otherwise, MyNet will not function.

1. Ensure that your ASUS Tablet and your computer are connected to the same wireless network.
2. Click and enable **Allow remote control of my Player** and **Automatically allow devices to play my media** in Windows Media Player on your computer. Go to **More streaming options** to configure, if necessary.

3. On the **Server** list, select the source device on the left panel to view the contents.

4. You can do any of the following:
   - Select a file and touch **Play to** on the bottom right to start playing on the target device.
   - Touch and hold a file to upload or download it to and from the connecting devices.
   - You can also select a file from the **Playlist**. The Playlist offers a common space for the connected devices to share files. Tap the plus sign (+) to create new lists.

5. To enable **Digital Media Server**, touch **Settings** on the upper right corner and tick **Digital Media Server Settings** to allow the other connecting devices to access media files on your ASUS Tablet. You can also select the location of the file you want to share.

App Locker

App Locker allows you to password-protect your apps.

To use **App Locker**:

1. From the **All apps** screen, touch on **App Locker** .
2. Set up your password.
3. Tick the apps you would like to lock.

4. Activate App Locker from Settings on the the upper right corner.

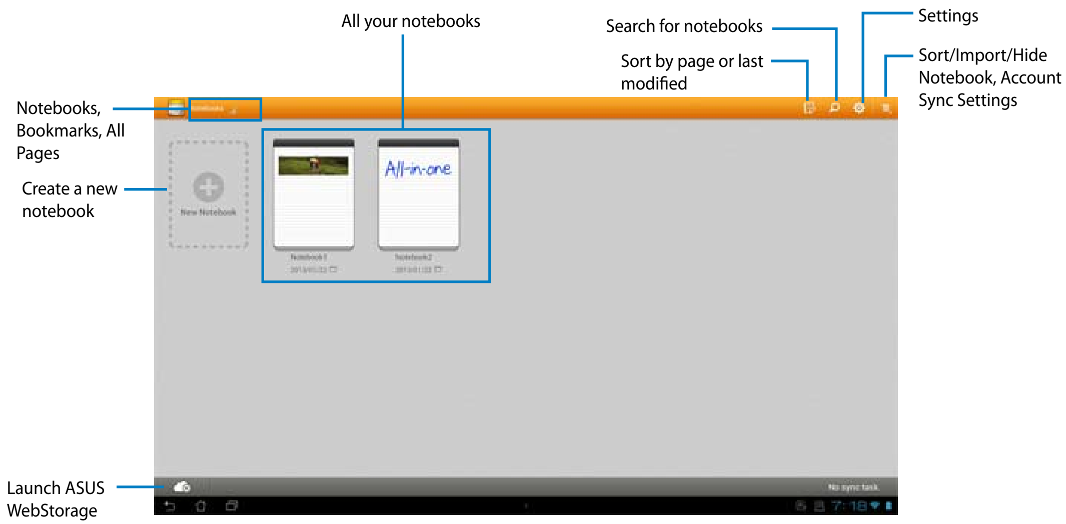

NOTES:

- Locked apps will have lock icons on the Home Screen.
- You will be asked for your password everytime you access the locked apps.

SuperNote

SuperNote is a convenient app used for writing and painting on your ASUS Tablet. You can take notes, send instant messages, draw sketches, create e-cards with audio recordings or diaries with video, and lots more.

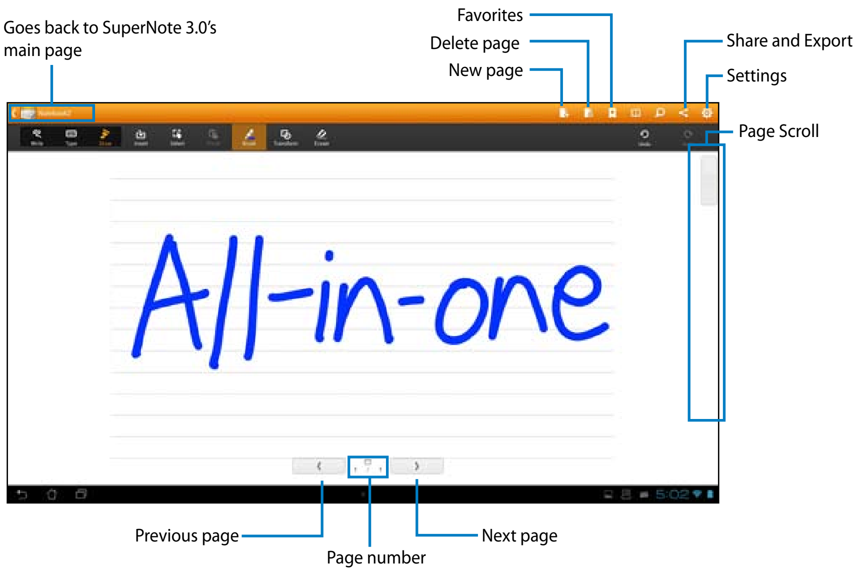

Using SuperNote

To create a new notebook:

1. Touch New Notebook.
2. Key in a name for the file and choose the notebook type to start writing on the page.

The following screen describes the SuperNote screen features on your ASUS Tablet:

Adding widgets

Use widgets to conveniently access useful and fun applications on your ASUS Tablet Home Screen. You can find them in the Widgets tab in the All Apps screen, ready to be moved into your Home Screen.

To see your widgets, touch ⁝⁝⁝ to go to the All apps screen, then touch **Widgets**.

From the main Widgets screen, you can:

- Drag a widget to another screen.
- Swipe left or right to move between screens and view more widgets.

IMPORTANT:

- You may be prompted to perform additional tasks (such as registration, activation) before you can use a selected widget.
- If there is not enough room on the screen where you placed a widget, the widget won't get added to that screen.

To remove a widget:

- Touch and hold the widget until **X Remove** appears then without lifting your finger, drag the widget into **X Remove**.

ASUS Battery

This special widget shows the individual battery status of your ASUS Tablet by percentage and color. The more battery power, the brighter the color.

1. Touch ⠿ to go to the All apps screen.
2. Touch **Widgets** to display the widgets menu.
3. Touch and hold **ASUS Battery** to display the ASUS Battery app.

4. The ASUS Quick Setting and the notifications panel also display the battery status. The battery status of the ASUS Tablet is shown separately. When battery is low, the battery icon turns from blue to red with an exclamation mark. There will also be a warning sound to notify you when the battery is running low.

Appendices

Notices

REACH

Complying with the REACH (Registration, Evaluation, Authorization, and Restriction of Chemicals) regulatory framework, we publish the chemical substances in our products at ASUS REACH website at **http://csr.asus.com/english/REACH.htm**

ASUS Recycling/Takeback Services

ASUS recycling and takeback programs come from our commitment to the highest standards for protecting our environment. We believe in providing solutions for you to be able to responsibly recycle our products, batteries, other components, as well as the packaging materials. Please go to **http://csr.asus.com/english/Takeback.htm** for the detailed recycling information in different regions.

COATING NOTICE

IMPORTANT! To provide electrical insulation and maintain electrical safety, a coating is applied to insulate the device except on the areas where the I/O ports are located.

Beschichtungshinweis

WICHTIG!Um die elektrische Isolation und die elektrische Sicherheit zu gewährleisten, ist das Gehäuse mit einer Beschichtung zur Isolation versehen. Diese Beschichtung ist an den E/A-Anschlüssen des Gerätes nicht vorhanden.

Federal Communications Commission Statement

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- This device may not cause harmful interference, and
- This device must accept any interference received including interference that may cause undesired operation.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with manufacturer’s instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment to an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

IMPORTANT! Outdoor operations in the 5.15~5.25 GHz band is prohibited.

CAUTION: Any changes or modifications not expressly approved by the guarantee of this device could void the user's authority to operate the equipment.

RF exposure warning

This equipment complies with FCC RF exposure limits set forth for an uncontrolled environment. The equipment must not be co-located or operating in conjunction with any antenna or transmitter.

The highest SAR value for this device is 0.614 W/kg.

Canadian Department of Communications Statement

This digital apparatus does not exceed the Class B limits for radio noise emissions from digital apparatus set out in the Radio Interference Regulations of the Canadian Department of Communications.

This class B digital apparatus complies with Canadian ICES-003.

IC Radiation Exposure Statement for Canada

This equipment complies with IC radiation exposure limits set forth for an uncontrolled environment. To maintain compliance with IC RF exposure compliance requirements, please avoid direct contact to the transmitting antenna during transmitting. End users must follow the specific operating instructions for satisfying RF exposure compliance.

Operation is subject to the following two conditions:

- This device may not cause interference and
- This device must accept any interference, including interference that may cause undesired operation of the device.

Canada, Industry Canada (IC) Notices

This Class B digital aparatus complies with Canadian ICES-003 and RSS-210.

Operation is subject to the following two conditions: 1) this device may not cause interference, and 2) this device must accept any interference, including interference that may cause undesired operation of the device.

Radio Frequency (RF) Exposure Information

The radiated output power of the wireless device is below the Industry Canada (IC) radio frequency exposure limits. The wireless device should be used in such a manner such that the potential for human contact during normal operation is minimized.

This device has been evaluated for and shown compliant with the IC Specific Absorption Rate (“SAR”) limits when installed in specific host products operated in portable exposure conditions.

The highest SAR value for this device is 0.614 W/kg.

Canada, avis d’Industry Canada (IC)

Cet appareil numérique de classe B est conforme aux normes canadiennes ICES-003 et RSS-210.

Son fonctionnement est soumis aux deux conditions suivantes: 1) cet appareil ne doit pas causer d’interférence et 2) cet appareil doit accepter toute interférence, notamment les interférences qui peuvent affecter son fonctionnement.

Informations concernant l’exposition aux fréquences radio (RF)

La puissance de sortie émise par l’appareil de sans fil est inférieure à la limite d’exposition aux fréquences radio d’Industry Canada (IC). Utilisez l’appareil de sans fil de facon à minimiser les contacts humains lors du fonctionnement normal.

Ce périphérique a été évalué et démontré conforme aux limites SAR (Specific Absorption Rate - Taux d’absorption spécifique) d’IC lorsqu’il est installé dans des produits hotes particuliers qui fonctionnent dans des conditions d’exposition à des appareils portables.

Declaration of Conformity (R&TTE directive 1999/5/EC)

The following items were completed and are considered relevant and sufficient:

- Essential requirements as in [Article 3]
- Protection requirements for health and safety as in [Article 3.1a]
- Testing for electric safety according to [EN 60950]
- Protection requirements for electromagnetic compatibility in [Article 3.1b]
- Testing for electromagnetic compatibility in [EN 301 489-1] & [EN 301 489-17]
- Effective use of the radio spectrum as in [Article 3.2]
- Radio test suites according to [EN 300 328-2]

CE Mark Warning

This is a Class B product, in a domestic environment, this product may cause radio interference, in which case the user may be required to take adequate measures.

CE marking for devices without wireless LAN/Bluetooth

The shipped version of this device complies with the requirements of the EEC directives 2004/108/EC "Electromagnetic compatibility" and 2006/95/EC "Low voltage directive".

CE marking for devices with wireless LAN/ Bluetooth

This equipment complies with the requirements of Directive 1999/5/EC of the European Parliament and Commission from 9 March, 1999 governing Radio and Telecommunications Equipment and mutual recognition of conformity.

is for class II device.

The highest SAR value for this device is 0.163 W/kg.

Wireless Operation Channel for Different Domains

N. America	2.412-2.462 GHz	Ch01 through CH11
Japan	2.412-2.472 GHz	Ch01 through Ch13
Europe ETSI	2.412-2.472 GHz	Ch01 through Ch13

NO DISASSEMBLY

The warranty does not apply to the products that have been disassembled by users

Lithium-Ion Battery Warning

CAUTION: Danger of explosion if battery is incorrectly replaced. Replace only with the same or equivalent type recommended by the manufacturer. Dispose of used batteries according to the manufacturer's instructions.

No Exposure to Liquids

DO NOT expose to or use near liquids, rain, or moisture. This product is not waterproof or oil-proof.

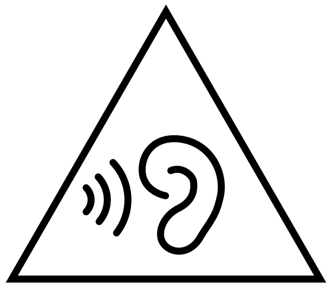

This symbol of the crossed out wheeled bin indicates that the product (electrical, electronic equipment, and mercury-containing button cell battery) should not be placed in municipal waste. Check local regulations for disposal of electronic products.

DO NOT throw the battery in municipal waste. The symbol of the crossed out wheeled bin indicates that the battery should not be placed in municipal waste.

請勿將電池當作一般垃圾丟棄。這個標誌表示電池不應視為一般垃圾丟棄。

Prevention of Hearing Loss

To prevent possible hearing damage, do not listen at high volume levels for long periods.

A pleine puissance, l'écoute prolongée du baladeur peut endommager l’oreille de l’utilisateur.

Global Environmental Regulation Compliance and Declaration

ASUS follows the green design concept to design and manufacture our products, and makes sure that each stage of the product life cycle of ASUS product is in line with global environmental regulations. In addition, ASUS disclose the relevant information PC Stationd on regulation requirements.

Please refer to http://csr.asus.com/english/Compliance.htm for information disclosure based on regulation requirements ASUS is complied with:

Japan JIS-C-0950 Material Declarations

EU REACH SVHC

Korea RoHS

Swiss Energy Laws

ENERGY STAR complied product

ENERGY STAR is a joint program of the U.S. Environmental Protection Agency and the U.S. Department of Energy helping us all save money and protect the environment through energy efficient products and practices.

All ASUS products with the ENERGY STAR logo comply with the ENERGY STAR standard, and the power management feature is enabled by default. The monitor and computer are automatically set to sleep after 15 and 30 minutes of user inactivity. To wake your computer, click the mouse or press any key on the keyboard.

Please visit http://www.energy.gov/powermanagement for detail information on power management and its benefits to the environment. In addition, please visit http://www.energystar.gov for detail information on the ENERGY STAR joint program.

NOTE: ENERGY STAR is NOT supported on Freedos and Linux-based products.
